#### BEADED BEAUTY

A rattan-wrapped frame and cascading aqua beads make the Milos chandelier (\$1,200) from Regina Andrew a glam reinterpretation of traditional coastal style. *Wilson Lighting, Naples, Bonita Springs (wilsonlighting.com)*

#### BUDDING ROMANCE

Insert some flowery prose into your design dialogue with Winward Home's permanent botanical arrangement (\$550) that features ranunculus in various hues and stages. *Saks Fifth Avenue, Naples (saks.com)*

#### POSH PEACOCK

Guests will bird watch in envy as they behold Ryan Studio's Desmond pillow (\$260) with a foliage- and plumage-adorned print. *Peach Tree Designs, Naples (peachtreedesigns.com)*

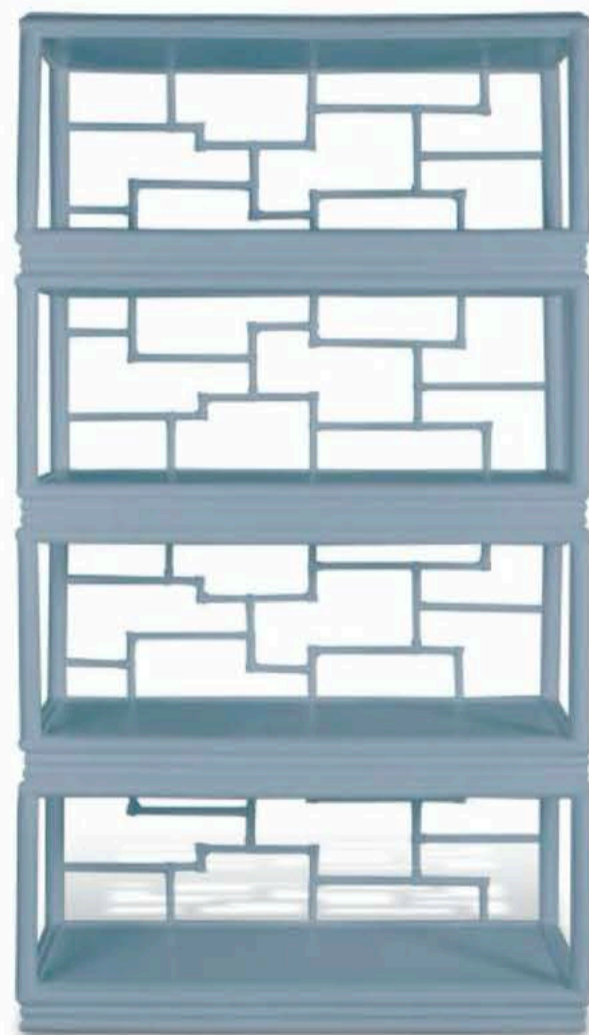

#### SERENITY NOW

Lisa Kahn of Lisa Kahn Designs focused on three primary components when creating this serene, sanctuary-like bedroom: color, texture, and symmetry. "This is one of my favorite bedrooms of all time," she says. "Soft, luminous greens and blues give an overall atmosphere of harmony and calm. To keep the room from being overly youthful, I layered textures like woven fabrics, mirror, capiz shell, alabaster, beads, and wood for a sophisticated effect. The balanced composition of two beds with the chest in between and two lamps gives a feeling of organized equilibrium." *Naples (lisakahndesigns.com)*

#### SHELF LIFE

With a unique geometric rattan frame and more than 25 finish options, this Tibet étagère (\$2,490) from David Francis Furniture boasts visual intrigue all its own. *Clive Daniel Home, Naples (clivedaniel.com)*

#### COMFORT ZONE

Luxury meets lounging in this supremely soft herringbone throw (\$128) from Lands Downunder. *Summerfields, Naples (summerfieldsnaples.com)*
