## **STAR\*MADE STUDIO STAFF CREATE CANDLES FOR FINDING SANCTUARY SHOP**

Lisa Kahn, CEO of [Lisa Kahn Designs](#) and founder of Finding Sanctuary, has enlisted the help of the staff at the STARability Foundation's [STAR\\*Made Studio](#) to create all-natural, hand-poured candles exclusively for her new Finding Sanctuary Shop. The studio provides part-time employment and vocational job training in Naples for more than 30 people with disabilities who have aged out of the school system. The special Finding Sanctuary candles can be found at [shop.findingsanctuary.com](http://shop.findingsanctuary.com). In addition to candles, the STAR\*Made Studio artists also focus on photography, ornaments and other home décor items sold at the STAR Store: Upscale Resale & Stellar Art, located at 106 10th St. N. in the Naples Design District. STARability offers a biannual community-based photography workshop open to all STAR participants. For more information, visit [starability.org](http://starability.org).
